San Francisco, CA 94104

Dear Mr. Wargo:

Attached is a Statement of Work (SOW) for soil investigations which we discussed over the phone today. This SOW has been developed for supplemental investigations necessary to identify sources of ground water contamination in the Middlefield-Ellis-Whisman area of Mountain View, California. If you have any questions, please call me at 974-7411. As we discussed, EPA normally allows 30 days for the submittal of a workplan based on the SOW. You should, however, call me to discuss time frames upon your review of the SOW.

Sincerely,

A handwritten signature in cursive script that reads "Greg Eckert".

Gregory E. Eckert  
Environmental Scientist
